📄 Cloud Readiness Assessment Report

Our Customers

SPL Cloud Readiness

SPL can cut the time, risk and cost of upgrading to Oracle Cloud with the Cloud Readiness Assessment. Our Oracle experts in both Oracle EBS and Cloud drive workshops and interviews with stakeholders. We use toolkits including SPL Properotm to evaluate your Oracle EBS environment including modules and customizations. When working with us, we will perform a comprehensive assessment covering all the tracks including – End State View, Business Processes, Oracle Cloud Products, Technical Architecture, Reporting Considerations, Customization/Extensions, and Cloud Operational Readiness.

The SPL Advantage

Strong Partner Alliance & Industry Experience

Our partnership with Oracle goes back to our founding. SPL began as an Oracle implementation organization in 2010. If you want to implement your ERP in the Cloud, we can help you.

We are recognized by Oracle as a Leading Partner and have demonstrated key implementation skills for successful Oracle Cloud implementations. We have implemented Oracle Cloud solutions across a wide array of industries.

In addition to Oracle Cloud solutions, SPL familiarity with Salesforce, Dell Boomi, Microsoft, and ServiceNow help us provide our clients with robust, scalable solutions.

Cost Effectiveness and Flexibility

We provide the flexibility to adapt and respond to your changing business needs. Our experts handle fluctuating workloads without letting these disruptions increase your implementation costs.

We use our techniques, tools and templates to drive down costs including:

- SPL Oracle Cloud Migration
- SPL Oracle Upgrade Assessment Service
- SPL Cloud Implementation Methodology

Proven Solutions and Templates

Let our experience help you. We have a strong implementation methodology, tools and templates to assure consistent excellent delivery. Our accelerated and automated Cloud implementation methodology reduces your implementation time and cost and provides you with hassle-free migration to the next generation enterprise solutions in the Cloud.

SPL also has migration tools and prebuilt, defined templates and data models so we can quickly get started on your projects. We have over 15 years of experience implementing solutions in ERP, Salesforce, Managed Services, Analytics and Information Management. SPL delivers customized solutions to our clients in a wide variety of industries; financial services, high-tech, discrete manufacturing, healthcare, retail and CPG, energy, utilities, services, and more.

Global Support and Services

Our team of experts provide 24x7 support, services and quick respond to customers. SPL's Delivery Assurance program provides customers with architecture and process reviews to ensure best practice adoption.

Our Goals

- Accelerate implementation time
- Reduce your business impact
- Design least complex solutions
- Leverage standardized integrated tools
- Create secured and robust production systems
- Improve the performance of individuals and teams
